

Ethos B2 is a compact, high power; direct radiating bass enclosure, which is designed to be used with the Ethos VA vertical array cabinet. The cabinet employs two 15” cone transducers, each mounted in their own-vented back cavity, while both drivers are also co-aligned into a V shaped front manifold. The Ethos B2 incorporates fly tracks to the side of the enclosure that enables the cabinet to be flown above an Ethos VA array. It also allows B2 cabinets to be linked together for greater safety when ground stacked and permits the B2 to be used as a base for ground stacking Ethos VA arrays. By placing the Ethos FF fly frame between the array and the B2 up to a 10° kelp can be introduced to the bottom cabinet in the VA array. Offering high power detailed bass response in a compact package; the Ethos B2 is integral element of the Ethos array system, array for the real world.

Frequency Response:	• 40Hz – 15kHz
Components:	• Bass/mid: 2 off 15” cone drivers
Power handling:	• 2 x 500W
Sensitivity (1):	• 102 dB
Directivity:	• N/A
Impedance:	• 2 x 8 Ohm
Construction:	• 18mm Birch plywood
Finish:	• Water based textured black paint
Connections:	• 2 x Neutrik NL4 connectors. 1 x EP6 connector. • 1+/1- Driver 1 2+/2- driver 2 • 1) Driver 1+ 2) Driver 2+ 3) Driver 1- 4) Driver 2- 5/6) N/C
Dimensions:	• 780mm (W) x 420mm (H) x 750mm (D)
Packaged Dimensions:	• 910mm (W) x 530 mm (H) x 860mm (D)
Weight:	• 77Kg

Cabinet	Handles	Tophat	M2o plate	Castors	Bracket Pt.	Inserts/Fly Points
Ethos B2	4 off	Yes	No	Yes	No	Full integrated fly system

Note: (1) Sensitivity measured at 1 metre with 2.83V, using band limited pink noise.
